Thank you for your support

For over 125 years, Family Counseling Services of Northern Illinois has served our community. Our enduring presence here is the result of significant help from generations of supporters who believe that the strength of our community is measured by the health and happiness of our families.

A gift to Family Counseling Services enables you to help the disadvantaged while providing a direct benefit to yourself, your loved ones, your business, and our community.

With support from Family Counseling Services:

- Adults contribute positively to their families and improve their work performance.
- Children are not at risk for the behaviors that can challenge their healthy development.
- Behaviors that can become a burden to the community—such as violence, addiction and truancy—are minimized.

We **all** benefit by supporting quality mental health service in our community!
